Re: Stauffer Chemical Company
Phosphate Mine & Plant
Secs. 19, 21, 28, 29,
T. 2, 3 S., R. 21, 22 E.
Uintah County, Utah

ACT-047-007

On Wednesday September 22, 1976, Ron Daniels and myself visited the Stauffer operations north of Vernal, Utah.

We spoke with Mr. Fred Rider about the Act and placed him on the mining mailing list. Mr. Rider told us about Stauffer's experiments with test plantings at the mine and said that their plan is almost complete and ready to submit.
